

**FOR IMMEDIATE RELEASE**

**Aug. 6, 2018**

**Management Solutions, LLC selected as Maryland PCP Care Transformation Organization**

**WASHINGTON, D.C.** – The Maryland Department of Health (MDH), along with the Center for Medicare and Medicaid Services (CMS) selected Management Solutions as a Care Transformation Organization (CTO) for the Maryland Primary Care Program on Aug. 1, 2018.

The Maryland Primary Care Program is open to all qualifying primary care providers throughout the state of Maryland. It is a voluntary program that provides support and funding for advanced primary care. CTOs are organizations that provide care management teams qualified to deliver coordination services to Participant Practices.

CTOs will be a key feature of the program and will provide support via care management personnel, infrastructure, and technical assistance. Providers are not required to contract with and receive services from CTOs, though the State expects many providers would benefit from the education and technical assistance tailored to their needs.

Executive Vice President, MSLLC, Dr. Nkem Okeke, MD, MPH, MBA states, “To be part of the Maryland primary care transformation journey is an honor. Our team of experts have supported the national transition towards value-based care for years and we are excited to continue the great work to improve patient-centered care and health outcomes.”

“We feel so honored! With the rising cost of care and the recent loss of a family member this is very personal to me. I’m glad we can be part of a long-term and lasting change!” says Misty Mayes, PMP, CLSS, CCMP, Founder & CEO, MSLLC.

Management Solutions was selected along with 22 other organizations as preliminary CTOs for the program. It is set to begin in January 2019. The MSLLC CTO team also includes **Managed Care Advisors Inc.** - specialized in Managed Healthcare and Care Management.

For more information about the Maryland Primary Care Program, the full preliminary list of selected CTOs, or practices checks – visit <https://health.maryland.gov/mdpcp>.
